EXPERIENCE

Carrier change

Interest in programming dates back to my early years, but life took me on a different path. I launched my own webshop on WordPress in 2018. Trying out simple coding to customize it sparked a passion that was always there but hadn't come to life before.

CONTINUOUS LEARNING • SELF-MOTIVATION • OPEN-MINDEDNESS

Ecommerce Business Owner *KakasUdvar 2018 - 2023*

I created individually designed products with CO_2 laser technology, which I sold on my own website.

CREATIVITY • CRITICAL THINKING • USER-CENTERED

DTP operator *Richter Gedeon Plc. 2018 - 2022*

Developing visually striking graphic designs for projects, utilizing the company's in-house printing machinery, including UV, digital, and eco-solvent printers, cutting plotters, CO_2 laser machines, and manual engravers. Emphasis has been placed on aligning with current trends and corporate standards.

TEAMWORK • PRECISION • PROACTIVITY • FLEXIBILITY • MULTITASKING
